# About Microware

- ▶ 25 years in service
- ▶ Working in
  - ▶ 29 states & UTs
  - ▶ 17+ Countries
- ▶ Solution partner for major IT & Telecom companies
- ▶ Client base includes over 200 clients
  - ▶ International Agencies
    - Multi-lateral, bi-lateral, corporates, CSRs, NGOs
  - ▶ Public Sector
    - Government, Societies, Projects
  - ▶ Private Sector
    - Corporate, Contact Centres, Telcos, Foundations
- ▶ 5500 sq. ft at Sohna Road, Floor at Udyog Vihar (Gurgaon)
- ▶ Staff in Ranchi, Bhubaneswar, Chennai, Bengaluru, Patna

## Social / Development sector

- Funding agencies
  - ADB, UNDP, UNICEF, GIZ, DFID, JICA, AusAID, UNFPA
- Foundations & Trusts
  - Tata Trusts, APPI
  - Reliance Foundation
  - Axis Bank Foundation
  - Vodafone, SIDBI, EY
  - Qualcomm Wireless Reach..
- International NGOs
  - Save the Children
  - Nutrition International
  - Jhpiego, Oxfam, PFI
  - IPAS, WOTR
  - HFH, BMGF, .....
  - Engender Health
  - IntraHealth
  - PCI, PFI, Plan India
  - Safe Water Network
  - CHAI, APPI
- Domestic NGOs
  - Educate Girls
  - Srijan, Arpan, IIHS
  - Miracle Feet
- Government Programmes
  - NRLM, MoEF&CC
  - Groundwater – 7 states
- ACIWRM, Govt of Karnataka

## Telecom & Real time software

- Telecom majors & OEMs
- Contact Centres
- Banks & Security systems
- Mobile computing
- Clients include
  - Genpact
  - EXL
  - HGS
  - Concentrix
- Avaya
- HCL
- TCS
- IBM
- WIPRO
- Accenture
- Apple
- Star TV, VFS
- Blue Dart, Max Group
- ING Vyasa
- Deutsche Bank
- Aegon Religare
- Hughes Software

## International business, Consulting

- Off-shore development
- Products
- ERP systems
- Consulting
- US
- UK
- Canada
- Philippines
- Germany
- Netherlands
- Japan
- Mexico
- China
- Bangladesh
- Kenya
- UAE
- Romania
- Ireland
- Colombia
- Saudi Arabia
- Brazil
- Cambodia
- Rwanda

# Relevant Thematic Areas

- Portals for Foundations (incorporating all partners access, baseline data storage and analysis, workflows)
  - Axis Bank Foundation
  - Tata Trusts (CIInI, CSPC, NEIDA, SBI, RGR, Himmoothan)
  - Reliance Foundation (no partners engaged by RF)
  - BRLF, APPI, Qualcomm
  - EY Foundation, Srijan, PRADAN, AKRSP
  - NFI +++
- Portal across multi donor NGOs / UN bodies
  - Save the Children
  - UNICEF
  - Educate Girls
  - Nutrition International
  - Oxfam
  - CHAI++
- Government engagements (large)
  - State Rural Livelihood Missions (Jharkhand - JSLPS, UP and Maharashtra). Add INDIA
  - ICDS Comprehensive GIS based MIS (Maharashtra)
  - Groundwater Technical Software (AP, Gujarat, Odisha, WB and UP)
  - MoEF&CC – Carbon Credit, Ozone, Mercury, Climate Change (multiple)
  - ACIWRM – Government of Karnataka – GIS driven Water data warehouse

## Health

- **Community and individual engagement / AIDS**
  - Clinton Health Access Initiative – across India for Hep. B & C
  - mSakhi – Intrahealth – ANC/PNC, NCD ++
  - MAMTA HIMC
    - AIDS program
      - Indonesia, Rwanda, Cambodia
    - MIS for all initiatives
    - NCD Program – Diabetes, Hypertension
- UNICEF
  - ANC/PNC
  - Nutrition
- Nutrition International
  - Vitamin A program
  - Zinc program
- Jhpiego, IDF, Engender Health – IUCD Program
- IDF – Comprehensive Abortion Vare
- Engender Health – multiple programs
- Johns Hopkins Bloomberg School of Public Health – Water Quality database
- Reliance Foundation
- Tata Trusts
- Bapu Trust – Mental Health
- Arpan – Child sex abuse
- Tata Trusts – Health portal
- Miracle Feet- Clubfoot
- IDF – 2 Doctors, GIS etc.
- Multiple other systems

Exposure to multiple hosting at NIC, as well as security audits at Banks and 4G companies

# Other Thematic Interventions

- Education
  - Educate Girls
  - Tata Trusts - Vidyam
  - UNICEF
  - AKF, SC, DiamondSIS
  - **Training x 30 – various kinds, with Quizzes, etc, ABF Rating**
  - **Survey, Skilling verificationSkilling**
  - Jharkhand Aajeevika Skills portal, Axis Bank Foundation partners, RSETI skills portal
- Disaster Relief
  - SEEDS
  - Habitat for Humanity
  - Aga Khan Agency for Habitat
- Livelihoods
  - SRLM – JSLPS- Swalekha (Jharkhand), **Prerna (UP)**, **Umed (Mah.)**
  - CmF – Rajasthan – Sakhdarpan
  - Chaitanya WISE – MP (also with Georgetown University)
  - Bharat Rural Livelihood Foundation
  - National Foundation for India
    - EY Foundation
    - Harsha Trust
    - Axis Bank Foundation
  - Reliance Foundation (a different flavour)
  - Tata Trusts – CInI, NEIDA, SBI, CSPC, Himmoothan, RGR
    - PRADAN
    - Srijan
    - MPRLP – closed
  - NRM program with KfW in Tripura
    - UNDP Ikea
    - ASI Walmart
  - Aga Khan Foundation (Bihar) and others aligned with SHGs
  - Azim Premji Philanthropic Initiatives – Odisha . . . . .

- ▶ Water Sector
  - Groundwater (GJ, AP, TL, OD, UP, WB, KE)
  - Surface Water (Central Water Commission)
  - Lakes (Green Hyderabad)
  - WASH – UNICEF, World Bank, PHED Bihar, Sikkim, City Sanitation, Rural Benchmarking
  - ACIWRM – **GIS data water house** – Govt of Karnataka
- ▶ Information Systems
  - Watershed Organization Trust (WOTR)
  - Safe Water Network with USAID
  - Reliance Information Systems
  - Oxfam – Transboundary Rivers of Asia
  - Save the Children
- ▶ Gender
  - Cross cutting across multiple programs
  - JSLPS
  - UNDP Ikea Women Empowerment Program
  - Director support the WEEDRP program of World Bank in Kabul (Women Empowerment)
- ▶ Misc.
  - Jharkhand Roads (included environment)
  - Pension Liability assessment (JH, BH, AS, MP, CG)
  - GIS integrations (CG state health ATLAS)

## Mobile Apps – Over 100 end to end

- Livelihoods
  - SRLMs of Jharkhand and UP. CMF (Mpower Rajasthan)
  - CInI (Tata Trusts)
  - Srijan, Chaitanya
  - Axis Bank Foundation, Aga Khan Foundation
  - Swabhimaan
- Health
  - RCH Register
  - Msakhi
  - Jhpiego
  - Safe Water Network
  - Reliance Foundation
  - CHAI
  - IPAS
- Water & Wash
  - PHED Bihar
  - TNUSSP
  - Transform Initiative
- Education
  - Educate Girls, Tata Trusts
- Women & Children
  - Save the Children, ICDS, Arpan, Miracle Feet
- Microfinance - Grameen model with Qualcomm
- Misc.
  - Bandhan Tod, CII++

## Analytics & Visualisation, Gamification

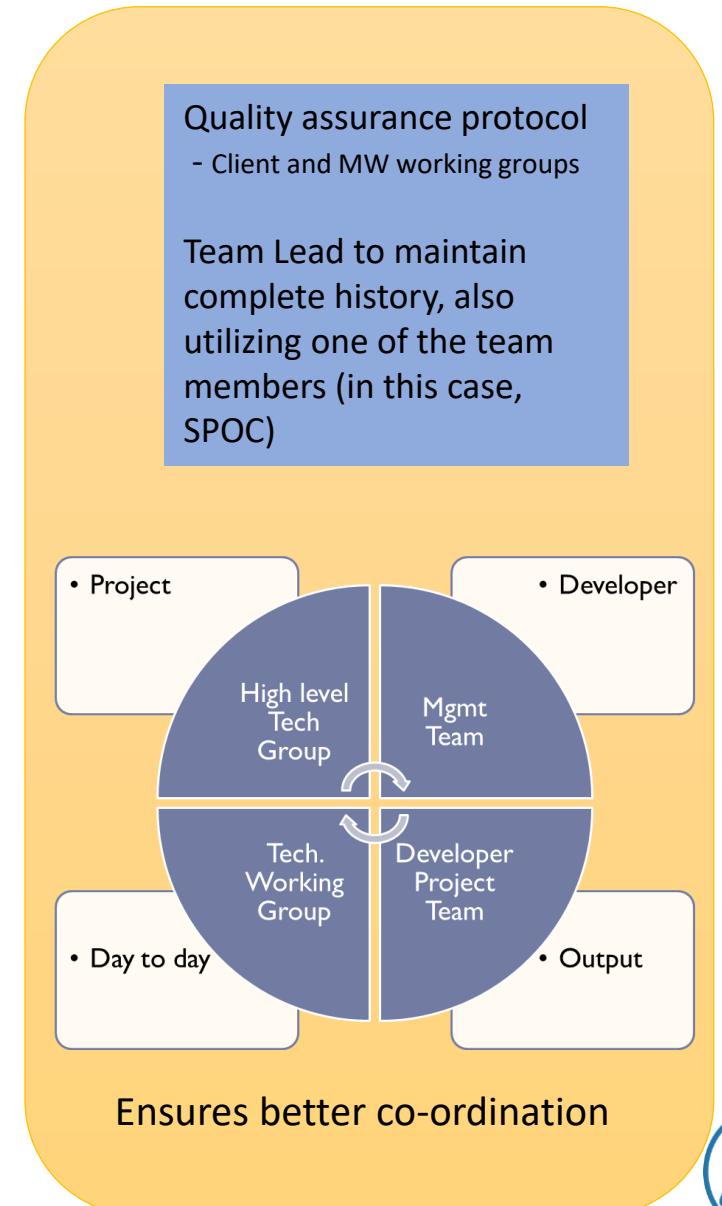

- Dashboards across the board
  - Development sector
  - International agencies
- Report cards
- Alerts
- Microlytics (Sanchay) – our own generic reporting interface – dashboard and report writer
- Drill down / interactive – Tabular, Graphical, Spatial
- Survey Tool – In use by Evidence Action, UNICEF – Over 15 clients
  - Generic design
  - Support tables
  - Multi modal – mobile, email, IVR, form, SMS
- Gamification for Mamta HIMC, Bose (International) etc

# Company Philosophy, values and Software audit mechanism

*Secret of Success: Reference based assignments, Project Director backs up team, Multiple SRS as program fine tuned*

- ISO 9001:2015 certified
- Recognition that changes are occasioned in the requirement based on:
  - Practical and field issues
  - Widening of horizons and thinking processes of stakeholders
  - Better practices visible when system actually in use
- Vast experience
  - Domain related
  - Telecom and real time experience, as well as bank security software
  - End to end mobile apps, API and GUID linkages, buffered use
- Hence, System built up based on methodology which is iterative in nature
  - Study
  - Design & Analysis
  - Prototyping
  - Modular development
  - Test, Pilot, Correct, implement
  - Revisit
- Documentation maintained at all stages
- During and post testing
  - Software versioning
  - Auto update features
  - Shared spreadsheets and mails
- Documented source code available

# Mobile app Focus

- Over 80 complex off-line applications
    - Implementation starting for app for 7 Crore women over 70 lakh SHGs with weekly meetings
    - Gender applications
    - Microfinance
    - Farm advisory
    - Patient care – CHAI, MHIMC etc.
    - Education & Training
    - Livelihoods & Agriculture
    - Games & Gamification
  - Dashboards
  - Training, quizzes, trends
  - Technical systems, data collection
  - Surveys
  - Real time, including smart watches
- Android
    - Studio
    - Kotlin
    - Eclipse
  - iOS
    - Xamarin
    - GUID based synch
  - Tablets / mobiles
    - Resolution independent
    - Orientation
    - Languages

UI/UX  
Design  
Development  
Testing  
Fine Tuning  
Synch – API  
Impl.  
Support

# Scale of Work done

- India & Country scale - large
  - NRLM – BMGF funded transaction accounting system
  - Clinton Health Access Initiative – Hepatitis B & C
- Multi-state, State wide
  - ACIWRM – Govt of Karnataka – GIS driven data warehouse
  - Livelihood programs
  - Agriculture, advisory, Animal Husbandry
  - Educate Girls, Arpan, Miracle Feet
  - Gender Interventions
  - ANC/PNC, ASHA worker based systems – Cataract, NCD – UNOPS, Jhpiego, Save the Children, Mamta HIMC, IDF, EH.....
  - AIDS programs in Indonesia, Cambodia and Rwanda
  - Transboundary Rivers – Oxfam
  - UNICEF – Swabhimaan, WASH programs, News Apps
  - Microfinance
  - ICDS
  - THR – SHG, CCJMIS.....
- Donors – Partners
- Generic Surveys
- News applications
- HR systems

# Our understanding of the assignment

- **Goal of the organization:** Accelerating the spread of agroecology-based farming practices in its multiple variants, improving on existing practices, and advocating for policy change
- **Need** – Platform (Open source) to host education courses, repositories, database of stake holders, collaborative exchange
- Essentially dissemination of information, learning and best practices, as well as a teaching aid – focused on Natural farming
- Targeting – Farmers, field functionaries, academia, research, nutritionist, resource partners – all stakeholders
- Phased development – starting with a quick release

# Similar sites (we have not covered agri clients, rather, we have provided knowledge portals with discussion forums)

## Agricultural Advisory

- Water Organization Trust – WOTR with Qualcomm Wireless Reach for farm based advisory
- Reliance Foundation Information Systems

## Knowledge Portals

- Lady Irwin College – NCEARD – National CoE for Nutrition
- Lady Irwin College Project Roshni
- Kalawati Saran Children's Hospital – National CoE for SAM children

## Other Knowledge Portals and multi stakeholder systems

- MoEF&CC – Climate Change Portal
- MoEF&CC – Wetlands of India (also Ozone Cell, mercury Cell, Carbon Credit Cell)
- ACIWRM – Government of Karnataka – GIS driven Data warehouse

## Other agri projects (sample)

- JSLPS – Jharkhand SRLM for SHG, Agri Practices
- Tata Trusts – across multiple programs, including with RGR and Punjab Agriculture University
- Aga Khan Foundation – Animal Husbandry
- ASI Walmart

# THE SYSTEM

Key Objectives

***Agile methodology to be followed, along with the QA process (four sets of teams), plus a process as below***

***Note: Platform not an issue***

## **Stage 1 : IT strategy and Implementation Plan**

- Task 1: System Requirement Study and User Requirement Analysis (includes gap analysis, desk review and joint planning)
- Task 2: Project design document – data entry & analysis (implementation plan)
- Task 3: Prototype

## **Stage 2 : Application development – Three phase as proposed**

- Task 4: Customisation of the software modules, APIs, databases (Integration with CMIS)
- Task 5: System Test & Pilot, synchronisation test

## **Stage 3 : Project Implementation and Training**

- Task 6: Population of master data (from CMIS)
- Task 7: Training for Implementation & Operationalization
- Task 8: Implement system

## **Stage 4: Project Handover and Withdrawal**

- Task 9: Handover and Preparation of Project Report
- Task 10: Help Desk support – includes integration support, documentation, manuals

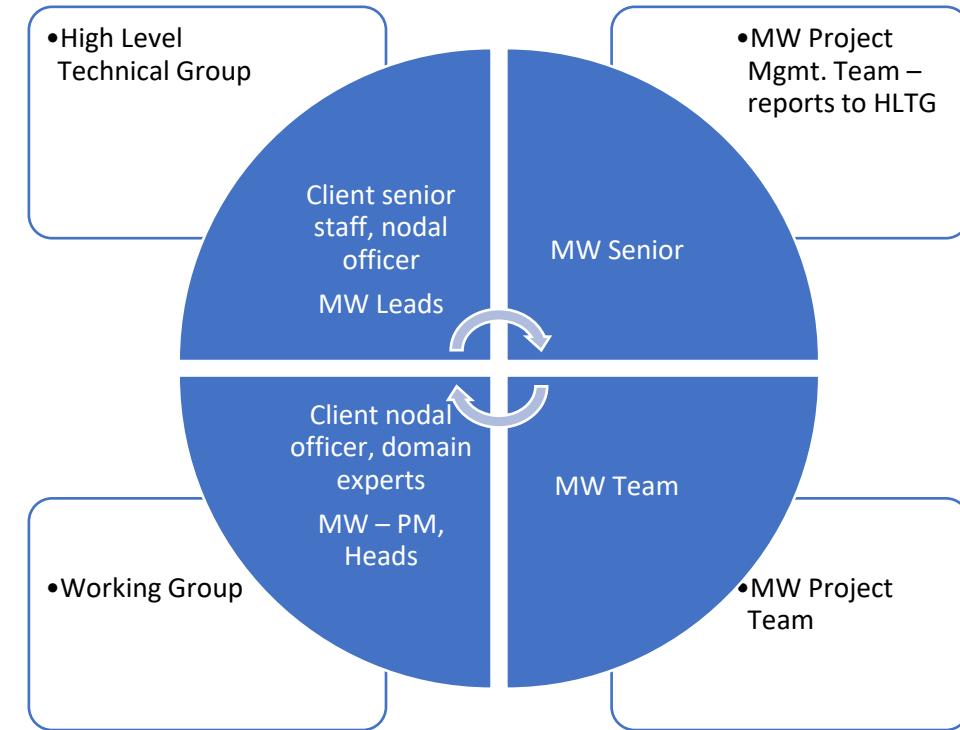

# Implementation Strategy

- Pilot with mutually agreed / Client Specified users (or maybe language based locations)
  - Differing sizes
  - Different areas
- Utilise the expertise of MW who have successfully implemented the solution
- Incorporate change requests that are deemed relevant by expert team (through their nodal officer)
- Scale up, interface notification system
- Helpdesk to be provided – call, remote login
- Internal ownership and training to be enabled
- User manual to be easy to use
- Demo of how-to-use to be available
- Updates to be highlighted on site (could be playstore)
- Option to put issues on site – with trouble ticket issuance
- Client nodal officer to act as moderator, MW to provide a counterpart
- Server sizing to be evaluated six monthly
- Response time and bottlenecks to be checked
- Accuracy of data to be taken on priority
- QUALITY ASSURANCE PROTOCOL

# Engagement Process – QA Protocol

- Microware DPT reports to TWG on weekly basis (at times twice weeks) – sprints and scrums are planned for
- TWG and DPM meet every 7 – 10 days
- DPM reports to HLTG based on HLTG availability – maximum one month in development period
- HLTG reviews issues and takes decisions
- All communication through client Nodal officer and MW Project Manager
- TWG can escalate issues to DPM
- To also discuss
  - Performance tuning and troubleshooting on the software
  - Changes in indicator requirements
  - Support on decisions to be taken regarding hardware and webspace
  - Support on interaction with various agencies pertinent to software operations
  - Bug fixing
  - Audit trail scrutiny, system audit periodically
  - Suggestions for speed enhancement, features and analysis

# To elaborate

- Strategy
    - Engage with stake-holders from start
    - Generic – plan for the future
    - Content management interface
    - Sharing of material enabled
  - Production, test and development servers
  - Nodal officer for approvals and inputs
  - Knowledge base
  - Inclusive, auditable, scalable, no cost expansion, training, documentation
- 
- ▶ Support
    - ▶ Task force
    - ▶ Web based (mobile enabled) help desk support site
    - ▶ Training manual, program (including on-line)
    - ▶ Respond to implementation and usage challenges
    - ▶ L1, L2, L3 support (developers and managers)
  - ▶ Documentation & support
    - ▶ User manuals
    - ▶ Video (demo)
    - ▶ Context sensitive help where relevant
    - ▶ Troubleshooting guide
    - ▶ Source code
    - ▶ System documentation
      - ▶ Design
      - ▶ ER diagrams, Use cases, DFDs
      - ▶ Flowcharts, Naming conventions, standards used

# Deliverables

- Business requirement document / system requirement document
- Design document
- Current technology applied effectively
- Normalization of the database to ensure that reports are consistent
- Scalability to be of paramount importance
- Provide for future changes – in the currency of the program, we expect 15-25% changes, during AMC, this is likely to be high – there would be both horizontal and vertical scaling
- Security plan
- Training and knowledge transfer (ToT preferred for training)
- Data security, anonymity, QA processes, validations etc to be provisioned
- Project management plan
- Test plan
- UAT plan and report
- Source code with documentation
- Change request process
- User documentation
- Interface sheet for users to record issues, and for rectification to be communicated
- Troubleshooting manual
- System and database back up plan
- Archival summary
- DRP & Business continuity plan
- Reporting wizard and dashboard manual
- Support for server sizing, equipment specifications
- System documentation as desired
- VAPT – Security audit to be done by a third party (duly empaneled) while we carry out the changes
- Stress test, Load tests

# Lady Irwin College- NCEARD- National CoE for Nutrition

## Who we are ?

The National Centre of Excellence and Advanced Research on Diets (NCEARD) established in 2018 within the Department of Food and Nutrition at Lady Irwin College, New Delhi with start up support from UNICEF is a technical assistance resource centre to the Ministry of Health and Family Welfare (MoHFW), Government of India on research and policy formulation for women's nutrition. The centre is the designated lead for development and testing of guidelines on strengthening maternal nutrition services at antenatal care at facility and community level; guiding consensus driven policy needs on maternal nutrition; act as an apex laboratory for development and standardisation of local food products; design and conduct capsular training programmes; and undertake research and nutrition awareness activities.

# Lady Irwin College- Project Roshni

The screenshot shows the homepage of the ROSHNI website. At the top, there is a banner with a photograph of women working together and the text "Evidence-based research to strengthen programmes". Below the banner, the ROSHNI logo is displayed, followed by the text "Centre of Women Collectives Led Social Action". The main navigation menu includes links for HOME, ABOUT US, OUR WORK, RESOURCES, WORK WITH US, and CONTACT US. A sub-menu for "OUR WORK" is open, showing categories like News & Stories, Highlights, Research & Reports, Forward, Social Funds, Twitter, Facebook, Instagram, Videos, and Workshops & Training. Each category contains several items with small thumbnail images and descriptions. At the bottom of the page, there is a "Collaborators" section featuring logos of various organizations, a "Login" button, and a "Registered Office" section with contact information.

HOME PAGE

The main content area displays five event cards arranged in two columns:

- Gender microplanning workshops to engage men**  
16/09/2019 - 24/09/2019  
Organized by: BIHAN - Chhattisgarh State Rural Livelihoods Mission & ROSHNI-CWCSA  
This pilot was conducted to engage men to improving nutrition for men and girls, by triggering changes through reflection and discussion with men, in collaboration with women. This is being piloted in 2 Cluster Level Federations (Ghotiya and Parchangal) out of 4 CLFs in Bastar Block.
- State visit to Tamil Nadu**  
29/07/2019 - 31/07/2019  
Organized by: National Mission Management Unit, NRM and Tamil Nadu SRLM  
ROSHNI participated in the state visit to understand initiatives being undertaken by SRLM for improving food, nutrition, health and WASH (FNNW) status in the community. A discussion with the team was held on developing Tamil Nadu's FNNW operational strategy.
- Engendering Transformative Change: Moving towards sustainable women's collectives**  
20/07/2019  
Organized by: BIHAN - Chhattisgarh State Rural Livelihoods Mission  
Discussion on BIHAN's initiatives in Chhattisgarh and the gender strategy of the State. The various pilot gender interventions planned with different partners in the State were introduced.
- State-level workshop on integrating Food, Nutrition, Health and WASH in DAY-NRLM**  
14/07/2019 - 18/07/2019  
Organized by: BIHAN - Chhattisgarh State Rural Livelihoods Mission  
The objective was to develop a state-level implementing strategy for FNNW interventions under SRLM and set a coordination framework with the line departments, discuss the issues on the field and bring out takeaways for each department. This would facilitate behavioral change promotion at individual, family and community levels. This would establish convergence and partnerships of line departments with CBOs (VO and CLF).
- FNNW workshop**  
10/07/2019 - 11/07/2019  
Organized by: Jharkhand State Livelihoods Promotion Society (JSPLS) with NRLM partner organisations  
Organisations which participated in the event included Pradan, Anandi, Jagori, Chaitanya-WISE, IWAGE, and BMGF. They presented their FNNW vision and work done in the state on FNNW. JSPLS also presented their vision for layering FNNW in their yearly plan and the progress so far.

## Vision and Objectives

**ROSHNI**  
Centre of Women Collectives  
And Social Action

ROSHNI, a technical support unit to the Ministry of Rural Development (MoRD), Government of India equips women collectives for social action on Food, Nutrition, Health, water, sanitation and hygiene (FNHW). It serves as a technical and capacity building hub for scaling up FNHW interventions, aligned with the DMW-NRHM-Dishashrastra strategy and Jan Andolan under PGM-M Abhiyan.

**Registered Office :**

Centre of Women Collectives Led Social Action  
Department of Development Communication & Extension  
Lokayan  
Sikandra Road, Mandi House  
New Delhi - 110001  
Email: roshni@lswi.org@gmail.com

**What needs to be done**

Given the impact of income poverty on nutrition outcomes, integrating livelihoods and poverty alleviation with nutrition programmes and counselling is necessary. Further, interventions to improve the nutritional status of women need to:

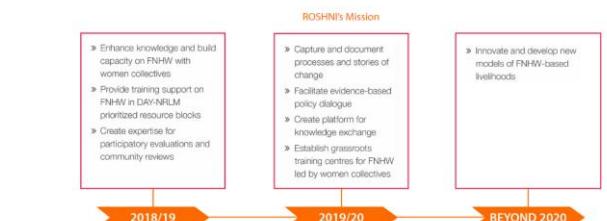

- Improve the food and nutrient intake of girls and women;
- Prevent micronutrient deficiencies and nutritional anaemia;
- Increase access to prenatal and postnatal health services;
- Increase access to education and WASH commodities/services;
- Prevent early, poorly spaced and repeated pregnancies.

**The opportunity**

Community collectives or Self-Help Groups (SHGs) and their federated units called Village Organizations (VO) promoted by DMR-NRHM are untapped resource. With their vast network, social cohesion, bank linkage and political commitment, these collectives are formal pressure groups and effective advocates for social development. They thus have the ability to advance social needs and needs-specific and sensitive interventions such as improving access to drinking water, sanitation facilities and PDS, and promoting implementation of ICDS, which are in keeping with DMR-NRHM's dual sector strategy.

A 2009 study highlighted the role of these collectives in three generations, to improve last mile delivery of essential nutrition services when they are equipped, supervised and provided protection from violence and exploitation.

To this end, ROSHNI CWSA provides technical support to DMR-NRHM in promoting FNHW and gender transformative interventions.

The login form is set against an orange background. At the top center is the ROSHNI logo, which is a circular emblem featuring three stylized figures in traditional Indian attire. Below the logo are two input fields: 'Email' and 'Password'. Each field has a blue icon on its left: a person icon for the email field and a key icon for the password field. To the right of each icon is the respective field name ('Email' or 'Password'). Below these fields is a large blue 'Login' button with white text.

India is a Party to the United Nations Framework Convention on Climate Change (UNFCCC), Paris Agreement and Kyoto Protocol. The Ministry of Environment, Forest and Climate Change (MoEF&CC) is the nodal Ministry for coordinating country's response to climate change in line with national policies and UNFCCC. The Climate Change Division looks after the issues related to climate change, including the International negotiations and domestic policies and actions.

The division is responsible for:

- Submission of National Communications (NATCOMs) and Biennial Update Reports (BURs) to UNFCCC.
- Coordination of National Action Plan on Climate Change (NAPCC).
- Coordinating preparation, submission and implementation of Nationally Determined Contributions (NDC) under Paris Agreement
- Studies for assessment of climate change in the country under the Climate Change Action Programme (CCAP), including National Carbonaceous Aerosols Programme (NCAP), Long Term Ecological Observatories (LTEO) Programme, and GHG Modeling studies.
- Implementation of National Adaptation Fund on Climate Change (NAFCC) to meet the cost of adaptation measures in areas that are vulnerable to climate change.
- Encouraging the State Governments to prepare their State Action Plan on Climate Change (SAPCC) in line with the strategies outlined in NAPCC.
- International negotiations on climate change.

**Major Milestones**

JUNE 2004

Submitted India's First National  
Communication to UNFCCC

JUNE 2008

## Climate Profile

 Ministry of Environment, Forest and Climate Change  
Government of India

**CLIMATE CHANGE KNOWLEDGE PORTAL**

HOME | ABOUT US | KNOWLEDGE RESOURCES | DIRECTORY | CONTACT US

**India's Climate Profile**

**Geographical Location**  
South Asia

**Population:**  
1.21 billion (Census 2011)

**Land Area:**  
328.73 million hectares (2.4% of the global land area)

**Area under Agriculture (net sown area) as Percentage of the Total Geographical Area:**  
42.60%

**Forest and Tree Cover as Percentage of the Total Geographical Area (India State of the Forest Report 2019):**  
24.56%

**Agro-ecological Regions:**  
From an environmental and bio-geographical perspective, the country can be divided into 15 agro-ecological regions.

**Types of Climate:**  
India hosts five major climatic subtypes:

- Hot dry in the west
- Warm humid in the Deccan region
- Composite across the upper Gangetic plains and central India
- Temperate in certain hilly patches within the Deccan region
- Cold in the Himalayan region across north and north-east India

**Greenhouse Gas (GHG) Emissions Profile (2014):**  
India emitted 2607.49 million tonnes CO<sub>2</sub>e (excluding LULUCF) and 2306.3 million tonnes CO<sub>2</sub>e (including LULUCF) in 2014. About 12% of India's GHG emissions were offset by LULUCF sector.

**Per capita GHG Emissions(2014):**  
1.8 tonnes CO<sub>2</sub>eq (lower than that of many developed and developing countries)

**Key Emitting Sectors:**  
Energy, Transportation, Construction

**Sector-wise Contribution:**

- Energy – 73%
- Agriculture – 16%
- Industrial process – 8%
- Waste – 3%

**Key Climate Risks:**  
Floods, Droughts, Heat Waves, Cold Waves and Cyclones

**Vulnerable Sectors:**  
Agriculture & Food | Water | Coastal | Health | Forests & other natural ecosystems

### National Policy Framework

The policies and programmes implemented by the government show that environmental protection is one of the central pillars of India's governance framework. The National Action Plan on Climate Change (NAPCC) was launched in 2008 with eight National Missions. Most ministries and departments have been working in collaboration to implement and to achieve the goals set in NAPCC. On the lines of the NAPCC, majority of the states and union territories have prepared their State Action Plan on Climate Change (SAPCC) with the aim of contributing to achieving the national goals and meeting the state priorities.

#### National Action Plan on Climate Change (NAPCC)

India has been addressing climate change as one of the key national priorities. India launched its National Action Plan on Climate Change (NAPCC) in 2008 with eight National Missions...

#### State Action Plan on Climate Change (SAPCC)

**State Action Plan on Climate Change (SAPCC)**

With the formulation of the NAPCC, it became imperative to achieve coherence between the strategies and actions at national and sub-national level. Therefore, the Ministry motivated the State Governments to prepare their State Action Plans on Climate Change (SAPCC) based on the broad objectives of NAPCC. So far, 33 States/ UTs have put in place their SAPCCs with an attempt to mainstream climate change concerns in their planning process. In year 2018, the States/UTs have been requested to revise their SAPCCs to reorient their ongoing action to facilitate the achievement of country's post 2020 targets.

### Major Outcomes of COPs

**The 25<sup>th</sup> COP was held in 2019 in Madrid under the Presidency of Chile.** The COP 25 decision, titled Chile Madrid Time for Action, emphasizes the continued challenges that developing countries face in accessing financial, technology and capacity-building support, and recognizes the urgent need to enhance the provision of support to developing country Parties for strengthening their national adaptation and mitigation efforts. The decision also recalls the commitment made by developed country Parties to a goal of mobilizing jointly USD 100 billion per year by 2020 to address the needs of developing country Parties. On the issue of global ambition for combating climate change, the decision adopted provides for a balanced and integrated view of ambition that includes not only efforts for climate change mitigation, but also for adaptation and means of implementation support from developed country parties to developing country parties.

### Adaptation Actions

The adverse impacts of climate change on the developmental prospects of the country are amplified enormously by the existence of widespread poverty and dependence of a large proportion of the population on climate sensitive sectors for livelihood. Hence for India, adaptation is inevitable and an imperative for the development process. A range of actions have been introduced to address it.

### Bilateral and Multilateral Cooperation

#### Adaptation Fund (AF):

The Adaptation Fund (AF) was set up under the Kyoto Protocol of the United Nations Framework Convention on Climate Change (UNFCCC). It was established in 2001 and officially launched in 2007 at CoP-7 in Marrakech, Morocco. It aims to finance concrete projects and programmes that help vulnerable communities in developing countries that are Parties to the Kyoto Protocol to adapt to climate change. The Fund is financed in part by government and private donors, and also from a two percent share of proceeds of Certified Emission Reductions (CERs) issued under the Protocol's Clean Development Mechanism (CDM) projects.

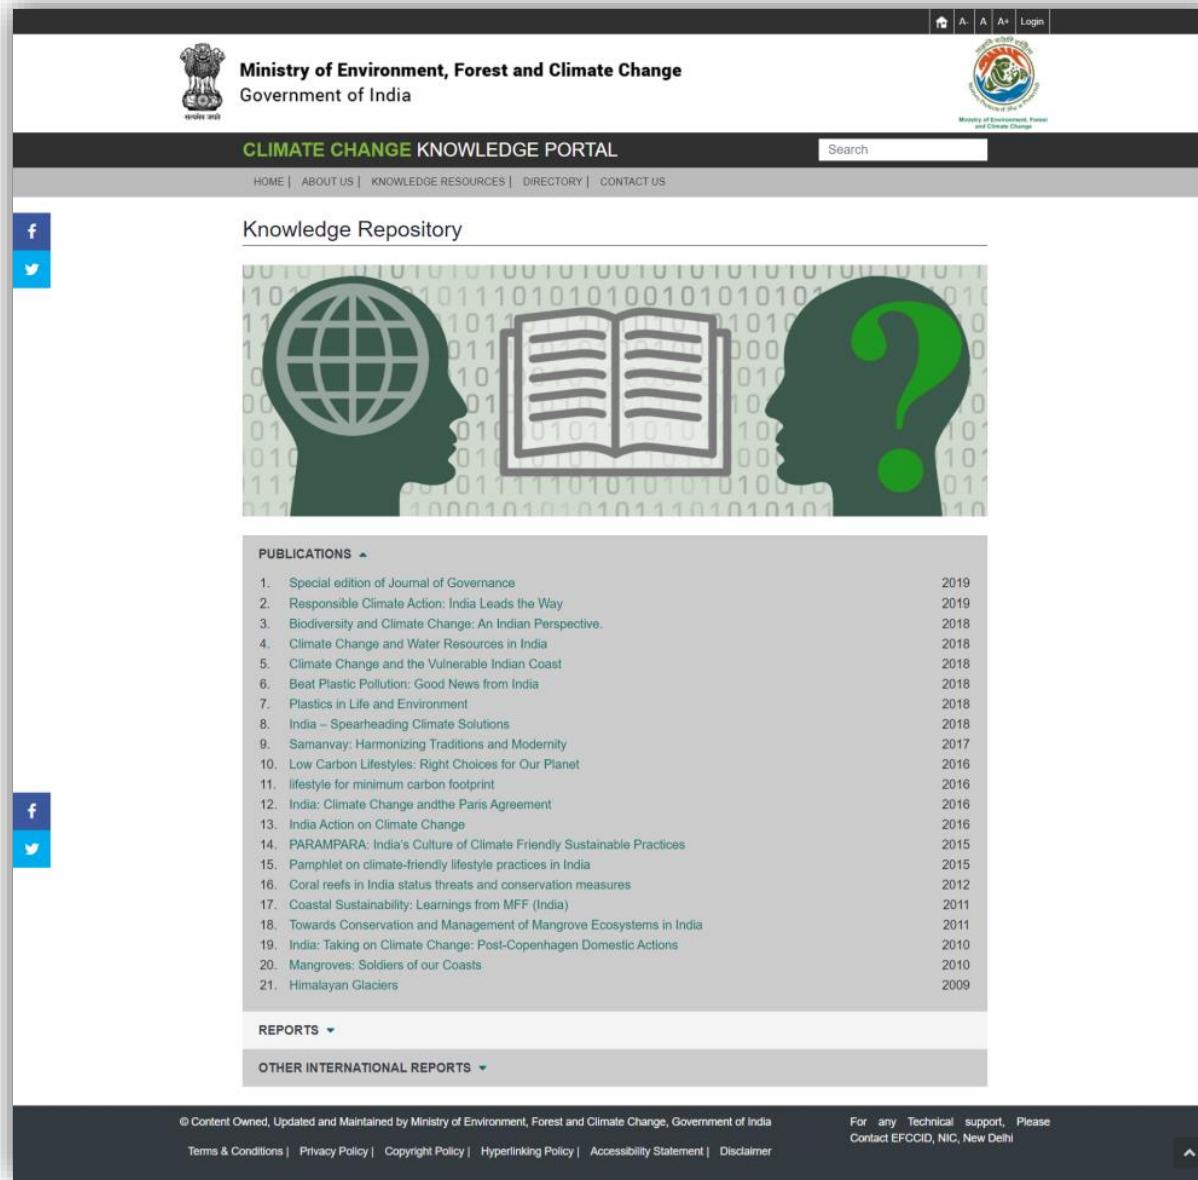

The Adaptation Fund headquartered in Washington DC, USA is supervised and managed by the Adaptation Fund Board (AFB). The AFB is composed of 16 members and 16 alternates and holds periodic meetings throughout the year. The World Bank serves as trustee of the Adaptation Fund on an interim basis.

Ministry of Environment, Forest & Climate Change, Govt. of India is the National Designated Authority (NDA) for Adaptation Fund. The proposals are submitted to Adaptation Fund by the National Implementing Entity (NIE) with endorsement of NDA.

Total number of approved projects: 6

# MoEF&CC – Wetlands of India

The screenshot shows the homepage of the Wetlands of India Portal. At the top, there's a blue header bar with the Ministry of Environment, Forest and Climate Change logo, a search bar, and navigation links for 'Skip to Main Content', 'A +', 'A', and 'A -'. The main title 'Wetlands of India Portal' is centered above a large banner image. The banner features a photograph of a dense mangrove forest. Overlaid on the left side of the banner is a dark callout box containing the text: 'Coastal wetlands like mangroves, coral reefs, mudflats and estuaries acting as physical barriers limiting damaging effects of storm and tidal surges'. On the right side of the banner, there's another callout box with the text: 'Bhitarkanika National Park and adjoining areas were spared from the devastating Cyclone Amphan with **Bhitarkanika mangroves** acting as protective barrier.' Below the banner, the page content includes a section about the portal's purpose, links to 'Important Features' and 'Wetland MIS', and a link to 'Online Courses and Training Material'.

@martharojasu1

Nearly 90% of the world's wetlands have been lost since 17'00s.

We must not disconnect wetland degradation from the looming water crisis.

## Wetlands (Conservation and Management Rules) 2017

The Ministry of Environment, Forest and Climate Change (MoEF&CC) has notified Wetlands (Conservation and Management) Rules, 2017 under the provisions of the Environment (Protection) Act, 1986 as regulatory framework for conservation and management of wetlands in India. This is a significant step to conserve, manage and maintain the ecological character of the wetlands without restricting the wise use. These rules fortify the legal framework for environmental concerns and strengthen the institutional framework through State / UT Wetland Authorities and a National Wetland Committee.

Wetlands (Conservation and Management) Rules 2017 have enhanced the focus of management of wetlands from a central authority to state bodies. The rules provide for an advisory role for the National Wetland Committee, to guide the state bodies on the integrated management of wetlands based on wise-use principle and review the progress of integrated management of Ramsar Convention sites among other roles.

The Guidelines for the Rules have been drafted to support the State Governments / Union Territory (UT) Administrations in the implementation of the Rules by providing guidance on various aspects like
